ELEV. 9600'  
BRECKENRIDGE · COLORADO

**"The mission of The Majestic Lodge is to bring families, groups and guests together to create experiences and memories that last a lifetime."**

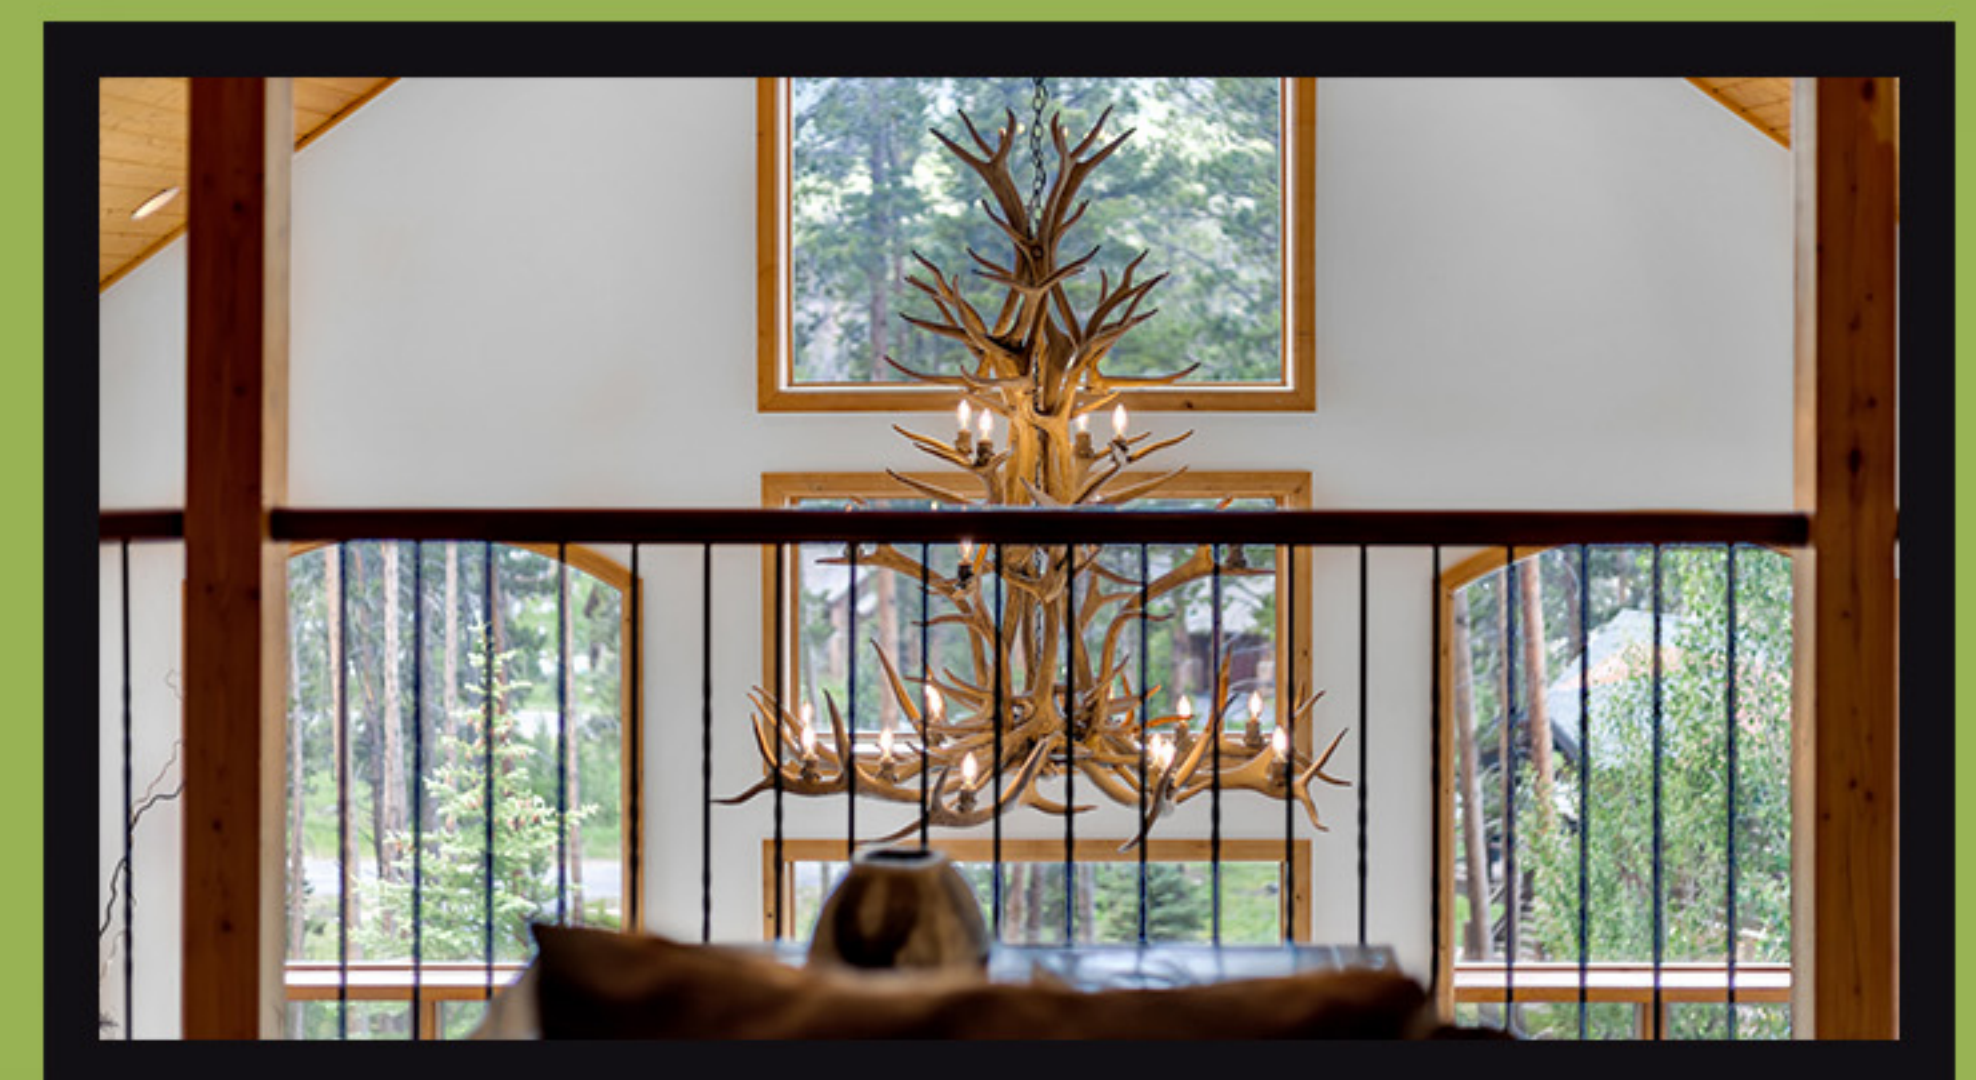

The Majestic Lodge, owned and managed by Ben and Melissa Wilbourn is a luxurious mountain home with stunning views and captivating experiences both inside and out. The Wilbourn's purchased the property in December of 2019. They loved going up to the mountains with their family, numbering 15 to 17 people, and it finally dawned on them, 'Why rent when we can buy a lodge?' And that's what got the ball rolling;

Majestic Lodge Breckenridge is not your ordinary mountain lodge with its modern feel at 9,600 feet in elevation. It's fully equipped to provide comfort and enjoyment. Boasting 6,700 square feet of usable space and adequate sleeping for 18 people across six spacious bedrooms, six bathrooms, a Chef's Kitchen, and a basement rec room, all of this convenient for family gatherings, small events, and school or corporate retreats.

It has updated smart-home features including Savant Software that operates the light-ing, music, televisions, and business class Wi-Fi service, so guests will always stay connected, a luxury high up in the mountains. The lodge has a stocked bar, JURA coffee system, pool table, foosball, and stand-alone video game system. Behind the lodge, guests can hop into the four-person hot tub, or inside in two jetted tubs. On the spacious front deck, guests can enjoy relaxing around fire pit.

We've been very blessed and truly work hard to make sure our guests take full advantage of the features of the home and enjoy their stay.

"When you're here, we don't want you to just enjoy yourself, but to really feel at home. And when your home, you sometimes never want to leave,".
